## Drain Cleaner - gel Rohr Frei - Gel

### Description

Highly effective drain cleaner for kitchen, bathroom and WC.

### Action

For dissolving and decomposing stubborn clogging as well as removal of unpleasant odours. The cleaner spreads slowly and evenly in drains and pipes thanks to its gel-like structure. Self-acting activity without any heat generation.

Gentle to seals, plastic and metal pipes.

Stubborn clogging such as oil and grease deposits, food and soap residues, hairs, cotton wool and much more are dissolved easily. Regular application prevents re-clogging and emission of nasty smells.

### Scope of application

For all drain and pipework systems in kitchen and bathroom made of metal or plastic, for example, basins, sink units, shower trays, toilets.

### Application

Remove any undrained water when the drain is clogged and pour in 200 ml of Drain Cleaner Gel into the draining outlet. Rinse thoroughly using warm water after an exposure period of approx. 30 minutes.

Repeat the cleaning process in the event of very stubborn clogging using a higher dosage and extend the exposure time (overnight).

Pour 50 ml Drain Cleaner Gel into the drain for preventive odour removal and let it work overnight.

### Storage:

Store well sealed in a cool and dry place.

### Technical data

- Density: 1.07 g/ml
- pH value: 13.0-14.0
- Appearance: fluid
- Odour: characteristic
